I am an Information Systems Management Master Track student at BINUS University, with a strong interest in system analysis, consulting, and case-based problem solving. My academic and organizational experiences have strengthened my analytical thinking, teamwork, and project coordination skills. I am a disciplined and adaptable individual who enjoys breaking down complex problems, developing practical solutions, and working collaboratively to achieve shared goals. I am eager to apply and further develop these skills through opportunities that challenge me to create meaningful impact.

EDUCATION

Bachelor of Information Systems (Master Track) 2024 – Present
Bina Nusantara University

- Grade Point Average: 3.95

SMAS Dian Harapan, Lippo Cikarang 2021 – 2024

- Science, Average Score: 87,79

WORKING EXPERIENCE

Information System Laboratory Assistant February 2026-Present

Part-Time

- Taught Database Fundamentals and User Experience Research and Design Laboratory Sessions to approximately 90 students in total
- Assisted lecturers and students during laboratory sessions by providing guidance on course exercises, system usage, and technical procedures.
- Supported the preparation of practicum materials, lab tools, and class activities to ensure smooth and organized learning sessions.
- Helped troubleshoot basic technical issues during lab sessions and clarified concepts related to Information Systems coursework.

Duta Binusian, Student Mentor
BINUS Student Advisory & Support Center (SASC) February 2026 – August 2026

- Provided one-on-one academic mentoring and study support to a student requiring additional academic assistance in Information Systems coursework.
- Guided the student in Algorithm and Programming and Business Application Development through structured study sessions, concept clarification, and academic guidance.
- Supported the student in achieving final grades of A (100/100) in Algorithm and Programming and B+ (83/100) in Business Application Development.

- Adapted mentoring approaches to the student's learning needs while providing consistent academic guidance and progress monitoring.

PT Fukuda Technology April 2024 – May 2024

Internship

- Learned fundamental measurement techniques and observed how professional field technicians conduct accuracy verification processes.
- Observed operational procedures and documentation practices to understand how precision and consistency are maintained in measurement-focused industries.
- Assisted in simple measurement-related tasks under supervision, gaining early exposure to industrial standards and workflow discipline.

ORGANIZATIONAL EXPERIENCE

Information Systems Case Study Club (ISCSC) Member February 2026 – Present

- Participated in case discussion sessions focused on structured problem-solving, business analysis, and solution development for real-world scenarios.
- Collaborated with fellow members to analyze cases, build recommendations, and strengthen presentation and critical thinking skills.
- Developed familiarity with case-solving frameworks, issue structuring, and hypothesis-driven thinking in team-based environments.

Information Commission Coordinator
Himpunan Mahasiswa Sistem Informasi Binus University February 2026 – Present

- Currently serving as the Information Commission Coordinator, leading the coordination of internal information flow, communication updates, and documentation support within HIMSISFO BINUS @Kemanggisan.
- Supervise and coordinate Commission members in preparing announcements, information dissemination, and communication materials for organizational activities and events.
- Ensure timely and structured delivery of internal information to support cross-division collaboration and smooth organizational operations.

Advisory Board of Pengabdian kepada Masyarakat (PkM) HIMSISFO 2026: LINK
Himpunan Mahasiswa Sistem Informasi Binus University March 2025 – July 2026

- Provided strategic guidance and constructive feedback to the Logistics team based on prior organizational and event management experience.
- Advised logistics planning and operational preparation for a multi-region community engagement program across Greater Jakarta, Semarang, and Medan, reaching approximately 300 students in total.
- Collaborated with the Event Supervisor and organizing committee to ensure logistics planning and execution aligned with organizational objectives, university regulations, and quality standards.
- Supported coordination across regional teams to maintain consistency in logistics planning and program implementation across all three regions.

Coordinator, Support Division of GERAK HIMSISFO 2026: VIBEZ
Himpunan Mahasiswa Sistem Informasi Binus University March 2025 – June 2026

- Coordinated the Support Division in preparing and executing GERAK HIMSISFO 2026: VIBEZ, a two-day organizational development and bonding program involving members across multiple HIMSISFO regions.
- Coordinated team responsibilities and operational support for activities including organizational briefings, collaborative sessions, games, and participant engagement.
- Collaborated with the Project Manager and cross-divisional teams to ensure smooth event execution and alignment with HIMSISFO's program objectives.
- Supported the delivery of a hybrid event, facilitating participation from Jakarta, Semarang, and Medan regions.

Project Manager of Farewell Party HIMSISFO 2025: FILM
Himpunan Mahasiswa Sistem Informasi Binus University March 2025 – February 2026

- Led 6 divisions with a total of ±57 members across multiple regions to organize the internal Farewell Party HIMSISFO 2025.
- Coordinated timeline, budgeting, venue planning, and cross-division communication to maintain project progress and event consistency.
- Oversaw end-to-end planning including budgeting, creative direction, logistics, and communication.

Staff of Publication and Documentation Division SELCAVIS HIMSISFO 2025: PRODIGI
Himpunan Mahasiswa Sistem Informasi Binus University May 2025 – November 2025

- Produced and edited documentation content (photo & video) for SELCAVIS 2025, a candidate selection program involving ±150 participants across regions.

Staff of Support Division Welcoming Party HIMSISFO 2025: VENTURE
Himpunan Mahasiswa Sistem Informasi Binus University April 2025 – October 2025

- Assisted in operational support for the Welcoming Party attended by 300+ new activists candidates, ensuring smooth participant flow and activity coordination.

Coordinator of Publication and Documentation Division PKM HIMSISFO 2025: SPARK
Himpunan Mahasiswa Sistem Informasi Binus University March 2025 – July 2025

- Led a documentation team of 6 members to capture and produce multimedia coverage for a 5-day PKM program attended by 80+ participants.
- Delivered all documentation deliverables within timeline, supporting event evaluation and post-event media releases.
- Directed the creative theme, visual style, and workshop materials, ensuring consistency across all event outputs.

3rd Commission (Information) Activist
Himpunan Mahasiswa Sistem Informasi Binus University March 2025 – July 2025

- Created and designed Instagram Story content for event announcements and internal communication across HIMSISFO channels.

ACHIEVEMENT & CERTIFICATE

- **Finalist, Agentic AI Hackathon 2026 — Final Round Ongoing**
  Developed SIGAP, an agentic AI solution for improving drug procurement forecasting and supporting more accurate pharmaceutical planning in Indonesia.

- **Finalist, ITECHNOCUP 2026: International UI/UX Design Competition, Politeknik Negeri Jakarta — Final Round Ongoing**
  Ideated, designed, and prototyped KIND, an integrated care platform connecting families and care recipients to support early dementia recognition, care management, and family involvement.

- **Finalist, Hackfest: International UI/UX Competition 2026, Universitas Ciputra**
  Designed and prototyped SkillFuel, an AI-based career ecosystem concept focused on bridging skill gaps between graduates and industry; led ideation and UI/UX prototyping through design thinking methodology.

- **School of Information Systems 2026 Excellence Awardee**
  Recognized as part of the top 5% of students in the School of Information Systems based on academic performance.

- **Dean's List 2025 School of Information Systems**
  Recognized as part of the top 25% of students in the School of Information Systems based on 2025 academic performance.

- **Mentor Scholarship Awardee (Duta Binusian), Student Advisory & Support Center (SASC)**
  Selected as a BINUS Duta Binusian Mentor to support fellow students through mentoring sessions, study-group facilitation, and academic guidance as part of the SASC mentoring program.

SKILLS

Language:
- Bahasa Indonesia - Native
- English - Intermediate

Design & Productivity Tools
- **Figma** (UI/UX Design, Wireframing, Prototyping)
- **Adobe Photoshop** (Presentation Design, Layout Design, Visual Hierarchy, Infographics, Brand Kit)
- **Adobe Premiere Pro** (Video Editing)
- **Microsoft Power Point** (Presentation Design, Slide Layout, Data Visualization)
- **Microsoft Excel** (PivotTables, Power Query, Power Pivot, XLOOKUP, INDEX-MATCH, Data Visualization)

Technical & Information Systems
- **Information Systems Analysis & Design — Intermediate** (Requirements Analysis, Use Case, Activity, ERD, Class, Sequence Diagrams, BPMN)
- **Oracle APEX — Intermediate** (SQL, Database Integration)
- **SQL / MySQL Fundamentals** (Queries, CRUD Operations, Relational Database Fundamentals)
- **Web Development — Beginner** (HTML, CSS, JavaScript)
- **UI/UX Design — Advanced** (Wireframing, Prototyping, User Flows, Design Systems)

Core Competencies:
- System Analysis
- Analytical Thinking
- Problem Solving
- Case Analysis
- Project Coordination
- Team Collaboration
- Strategic Thinking
- Communication
